

MATH 300, HOMEWORK 9

Due: Monday, November 11 in class.

Regarding e-mail submissions: Many of you have found it convenient to submit your homework by email, in fact so many that I am now spending a large amount of time on printing all the submissions (some scanned files take a long time to print, etc.) I would therefore like to request that you all make your best attempt to bring your homework to class and only submit by email when you are in a pinch. If this request causes a significant reduction of the number of email submissions, then I will not change the email policy. After all, I think it is good to have this option if an unexpected situation comes up occasionally. Thanks!

Assignment:

3.2: 1(b,f,g,j), 2(c,f), 5(c), 7, 12

3.3: 3(a,c), 6(e), 7

STAPLE your work!!!
