Please, please, please give a Rutgers e-mail address. There are real reasons for this!

(Possible) Major(s) _____

I'd like to post this information on a web page connected with this course. This should help students get in touch with each other and work together. Do you consent to this? Please circle one of these: YES NO

Please detach the part of the page below where indicated, and sign the statement below. Return the top part of the page.

I have been given a copy of the student responsibilities for Math 152.

Signed: _____

DETACH HERE.

Student responsibilities for Math 152

- An average of 8 hours per week outside of class studying Math 152 course material.
- Attending *every* lecture and *every* recitation.
- Active class participation, including asking questions when appropriate.
- Working on the homework problems in the syllabus.
- Careful preparation for exams, going over homework, lecture notes, and review problems.
- Reading appropriate sections of the textbook before and after each lecture.
