Math 103:99
The last homework assignment

Write a paper between one and two pages long about the Data Encryption Standard (DES) and its policy implications. The paper is due Wednesday, April 26. You may use

`http://math.rutgers.edu/ greenfie/currentcourses/math103spring/des.html`

(or go to the course web page and follow The DES assignment link). Topics are suggested there. Please *cite any references.* Be sure to explain any technical terms you use carefully with standard English words and sentences.
